

I am writing to voice my opposition to expanding LPFM service which would take priority over current FM translator service. I listen to K-LOVE on my radio EVERY morning. It is a beacon of hope to every person out here listening and uplifts me in a way no other radio program could. Having anything wholesome on the radio or TV is almost a thing of the past and I would be devastated to see my radio station go away because of the FCC changing its operation. I love this station's programming so much I donate monthly to its support! Please don't give priority to LPFM stations. There are many many of us out here who love our little FM translator stations like K-LOVE! Thank you for taking my comments into consideration.
